## Thorsman - adjustable clamp - PFSK 10...14 mm - white - set of 50

### Main

|                           |                                   |
|---------------------------|-----------------------------------|
| Range of product          | Thorsman                          |
| Product or component type | Adjustable clamp                  |
| Device short name         | PFSK                              |
| Device application        | Securing bank of electrical cable |
| Provided equipment        | Nail                              |
| Colour tint               | White                             |
| Quantity per set          | Set of 50                         |

### Complementary

|                       |   |
|-----------------------|---|
| Product compatibility | Clip plug : TCP-0                                   |
| Fixing mode           | Nail :  |
| Product destination   | 2...5 x cable 10...14 mm                            |
| Mounting support      | Concrete<br>Wood<br>Brick<br>Plasterboard           |
| Material              | Zinc plated hardened steel : nail<br>PA (polyamide) |
| Product weight        | 0.0054 kg   |

### Environment

|                                       |   |
|---------------------------------------|---|
| Ambient air temperature for operation | -40...80 °C   |
| Environmental characteristic          | Corrosion resistance<br>Withstand extreme temperature |

### Contractual warranty

|                 |           |
|-----------------|-----------|
| Warranty period | 18 months |
|-----------------|-----------|
