

Main

Range	Compact
Range of product	NSA125...160 NG160NA NSC100 NG160 NSE75...100 NS80H-MA
Device short name	MX
Product or component type	Voltage release
Device application	Control
Range compatibility	Compact NS Compact NG Compact NSC Compact NSE
Voltage release type	Shunt trip release
[Uc] control circuit voltage	250 V DC

Complementary

Control signal type	Maintained Impulse
Impulse duration	≥ 20 ms
Threshold tripping voltage	$0.7 \dots 1.1 \times U_n$
Response time	50 ms
Auxiliary connection terminal	Screw terminal $0 \dots 1.5 \text{ mm}^2$

Contractual warranty

Warranty period	18 months
